Canoe Action Camp (CAC) CAC is for those who want to learn basic and advanced canoeing skills as well as how to conduct canoe trips. Topics to be studied include water-related first aid, swimming safety, canoe safety, waterproofing of gear, canoe care, and portaging. After attending some important training classes, trainees and staff will set out on a water expedition. Much of the instruction is based on the requirements from the green Canoeing merit. Canoeing rivers and lakes can be a fun and adventurous way to explore nature. CAC will include a 25 mile overnight Canoe trip down the Au Sable River.

Rangers eligible to attend Canoe Action Camp must have completed JTC.
